Applicant's amendments to the claims would require further consideration. While applicant's proposed amendments now make clear the combination in claims 1-8, such would require further consideration. As set forth in the 19 June 2003 office action, claim 1 and thus claims 2-8 were treated as the subcombination. The proposed amendment now has claims 2-8 directed to ---The apparatus of claim 1--- instead of "The mitt of claim 1". Clearly, such changes the scope of claims 2-8. Likewise, proposed claim 9 now calls for the combined brush and mitt. Presently claim 9 only calls for the mitt of claim 1. Claim 9 would require further consideration. It also should be noted that claim 9 appears to be a substantial duplicate of claim 1.
